Szidelo Claudiu

JUNIOR FRONTEND DEVELOPER

ABOUT ME

Computer enthusiast and a solution-oriented professional with a strong motivation to excel. I thrive in dynamic environments that offer opportunities to acquire new skills, constantly pursuing that 'aha!' moment when information connects. Acknowledged as a reliable team member, I possess strong interpersonal skills, ensuring consistent and successful collaboration and results.

EDUCATION

JavaScript from Scratch

Software Development Academy (280 hours) | April. 2023 – 12.2023

#HTML #CSS #JavaScript #GIT #Web Design #Bootstrap #OOP in JavaScript #Functional Programming #HTTP Basics #DevelopmentTools #React #Vuejs #Advanced HTML, CSS, JavaScript #CMS #Scrum Methodology

Psychology and Educational Sciences

Dimitrie Cantemir University | 2011 – 2014

WORK EXPERIENCE

LightningJs / Frontend Intern

3ss | July 2024 – Aug 2024

- Collaborated on the development of a Netflix clone for smart TVs from inception to completion.
- Participated in project planning, including architecture design, sprint task creation, and assigning story points.
- Integrated the TMDB API for dynamic content retrieval within the application.
- Contributed to daily stand-ups, ensuring accurate progress reporting and proactive issue resolution.
- Developed and delivered a final project presentation, demonstrating the application's features and technical implementation.

Achievements: Earned "The chill pill champion" medal.
Developed skills: Advanced proficiency in TypeScript, object-oriented programming (OOP), and Lightning JS framework. Enhanced ability to write reusable code, improved debugging and manual testing skills, increased accuracy in task time estimation, and strengthened capability to work effectively within agile methodologies and sprint cycles.
